Research Award 2021: Natural science theses by pupils sought

Applications until 11th of June to the association “Friends of IHP e.V.”

Frankfurt (Oder). Apply now! In 2021, the “Friends of IHP” is again looking for very good works with a scientific or technical focus from talented pupils. Project or technical works from grades 9 to 12 from the state of Brandenburg can be submitted by e-mail up to June 11th. This year, works from the school year 2019/20 and 2020/21 can be submitted. A jury of the association will divide the research award, which is endowed with 2.400 euros, among several winners. Since 2010, the association has been supported by the Sparkasse Oder-Spree, which also offers special prizes in the total amount of 500 euros.

In recent years, the jury was amazed at the high quality of the works, which dealt with a wide variety of topics. Most recently, the 2019 Research Award was presented. For example, the winners dealt with the topics of “Weather forecasting based on locally collected measured values” and “Methods for measuring indoor air quality using a carbon dioxide measuring cells”.

The deadline for applications for this year’s Research Award is 11th of June 2021. The awarding of prizes will be decided on the recommendation of a jury appointed by the board of the “Friends of IHP e.V.”. The legal process is excluded. Eligible are works by individuals and project groups that have not yet received an award at state or nation level and were written at a school in the state of Brandenburg in the 2019/20 or 2020/21 school year. The works and a statement from the supervising teacher must be submitted by e-mail to forschungspreis@ihp-microelectronics.com.

The award ceremony will take place online or hybrid at the end of September this year.

Press Release

E-Mail: forschungspreis@ihp-microelectronics.com

About the research award:

The research award of the Friends of the IHP e.V. for outstanding scientific and technical student work by the state of Brandenburg has been awarded since 2001. Over 400 Brandenburg students from 40 schools have so far participated in the research award with over 250 projects.

About the Friends of the IHP e.V.:

The association "Friends of IHP e.V." founded in 2000 promotes and supports the IHP - Leibniz Institute for High Performance Microelectronics in Frankfurt (Oder) in realizing its ambitious goals on the basis of innovative, cosmopolitan and multicultural research. The support association is also particularly committed to the expansion of the region as a location for high technologies and for cooperation between science and industry. Support for the training of young researchers also plays an important role.
